

Microgen IV

The 4th International Conference on
Microgeneration and Related Technologies

Tokyo, 28-30 October 2015

Tokyo will host the 4th edition of the conference, following the 1st conference in Ottawa (2008), the 2nd conference in Glasgow (2011), and the 3rd conference in Naples (2013).

The conference theme is promoting the diffusion of high efficiency distributed energy systems, focusing on the low carbon microgeneration technologies for residential and small commercial applications, such as micro-CHP, fuel cell and renewable energies, with a special attention on building integration and smart energy networks.

Japan is the largest market for micro-CHP in the world, with cumulative sales of 100,000 fuel cells and 134,000 gas engine home CHPs. We are sure that the conference will be a great opportunity for the different stakeholders (researchers, students, professionals, manufacturer, etc) working in this field to meet and exchange information at a time of dynamic technological developments and regulatory changes.

Papers are welcome in the following themes:

- Developments in microgeneration and related technologies
- Modelling and experimental analysis of microgeneration systems
- Practical experiences with microgeneration
- Integration, control and optimization of microgeneration, energy storage and demand side management technologies
- Impact of microgeneration
- Microgrids, cells, vehicles and local energy networks
- Market & policy for microgeneration

Please visit the Abstract & Full Paper web page for more information on submission and abstract details.

Conference Proceedings & Publication of Papers

Accepted papers will be published in the electronic conference proceedings. Subject to Journals, the papers will be further screened for possible publication in specified Journals.

Venue:

The Ito International Research Center

7-3-1 Hongo, Bunkyo-ku, Tokyo, 113-0033 Japan

Preliminary Program

	28 October (WED)	29 October (THU)	30 October (FRI)
9:00 - 12:00		Parallel Session	Parallel Session
13:00 - 18:00	Registration	Industry Day	Parallel Session
	Plenary Session		
19:00 -	Parallel Session	Conference Dinner	Ito Hall
			

Ito International Research Center

Ito Hall

* The program is subject to change without any notice.

** Conference dinner is subject to availability.

Industry Day & Conference Dinner

A part of afternoon in the 2nd day will be dedicated to an industry day, featuring contributions from industry experts and highlighting industry perspectives on the future technological and policy developments.

The day will be followed by conference dinner at Hotel Chinzanso Tokyo, a luxury oasis in the heart of Tokyo.

Hotel Chinzanso Tokyo

Registration Fees

Category	Until 31 July 2015	From 1 August 2015
Standard	60,000 yen	70,000 yen
Student	35,000 yen	40,000 yen
Conference Dinner	10,000 yen	10,000 yen

* The registration fee for standard and student participants includes

- attendance of all professional sessions
- abstract
- proceeding (electronic file)

** Registration fee for accompanying person: 8,000 yen
Accompanying persons can only participate in conference dinner.
Attendance at all professional sessions is unacceptable.

Key Dates

Dec. 2014:	Start of abstract submission
28 Feb. 2015:	Abstract due
31 Mar. 2015:	Notification of abstract acceptance
31 May 2015:	Full paper due
Jul. 2015:	Notification of full paper acceptance
31 Jul. 2015:	Deadline for early registration
28-30 Oct. 2015:	Microgen IV Conference
